KAREN, can
as you can
imagine this is from
a person that there is
only one of. I am writing
to a person that I have
enjoyed knowing for the two
years in the past. This is one of nice
those occasions where you say nice
things about a person whether you want
to or not. But you really are a strange
type of person. Sometimes you happy or mad,
or sometimes just plain sad. But no matter how
you act or what you do you'll always be very
special to me. I have really had fun laughing
with you in the past, or kicking your books
out of your desk in American studies, working
train decided to go across your desk.
This entire year has been the best and
you helped make it that way and as long
as I live, I'll never forget you, you black-
hearted hound!

(To be continued)

Love you
more than ever!
Jan.

Wood and brick and glass and stone,
these do not make Antioch alone.

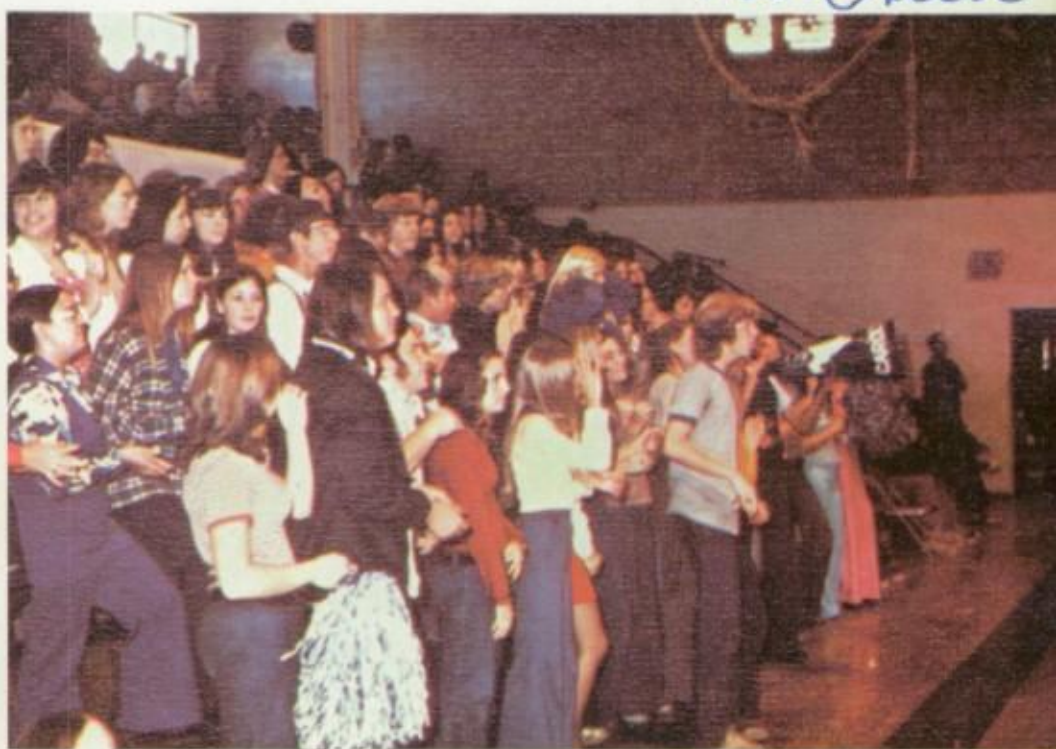

The important part is the people inside
that make our school really come alive.

Karen, Remember all the
fun times we had in Psychology.
Support the Lymbionese Liberation

health and happiness after the

Karen,
 It's been so much fun in
 Home Ec. this year hasn't it.
 We have become good friends
 even though I ain't the best
actress in Amer. Studies! (ha)
 I hope to see you this summer
 & next year. Just think
 we'll be seniors then. I'm
 sure am glad. Love you
 Pam Huitt

Our school has many special
 things to do,
 There are pep rallies, assemblies,
 clubs and dances too.
 In all these things every person
 lends a hand,
 To make sure Antioch is the best
 in the land.

To a great
 friend that en-
 joys really en-
 joyed knowing. I
 don't know how we
 made it through
 American Studies!
 Best Wishes,
 Shannon

Friendships are built that will
 last a long time,
 Friends who are gone still
 linger in our minds.
 Because through the ups and downs
 of school years together
 A person cannot help but look
 back and remember.

A Sophomores first day is always a scare,
But soon you fit in as an Antioch Bear.
Getting lockers, schedules and making
new friends,
And all too soon the first year ends.

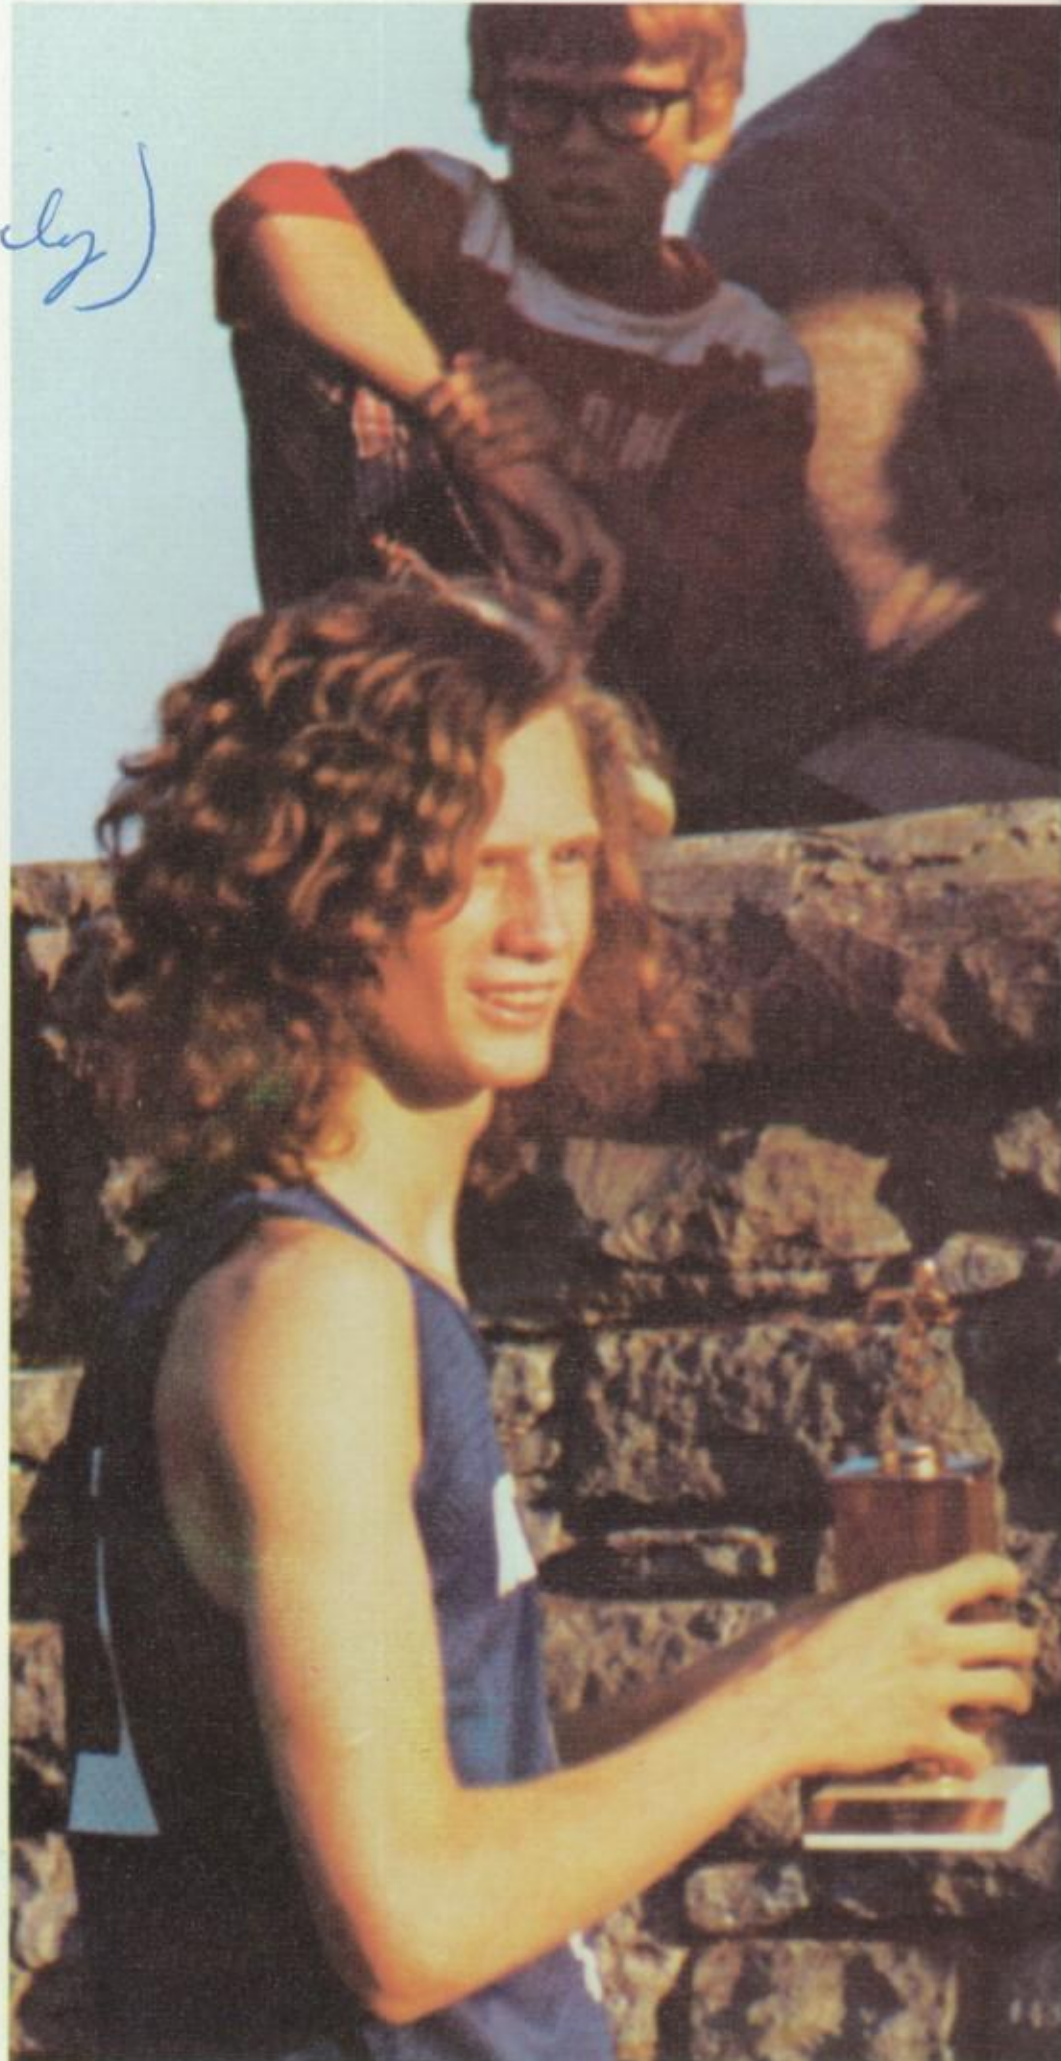

Karen, always remembered all great times on
pay. Sociology. You were one of the people
who kept the classes moving. You are
really something else. You have an
outstanding personality. You are simply
great.

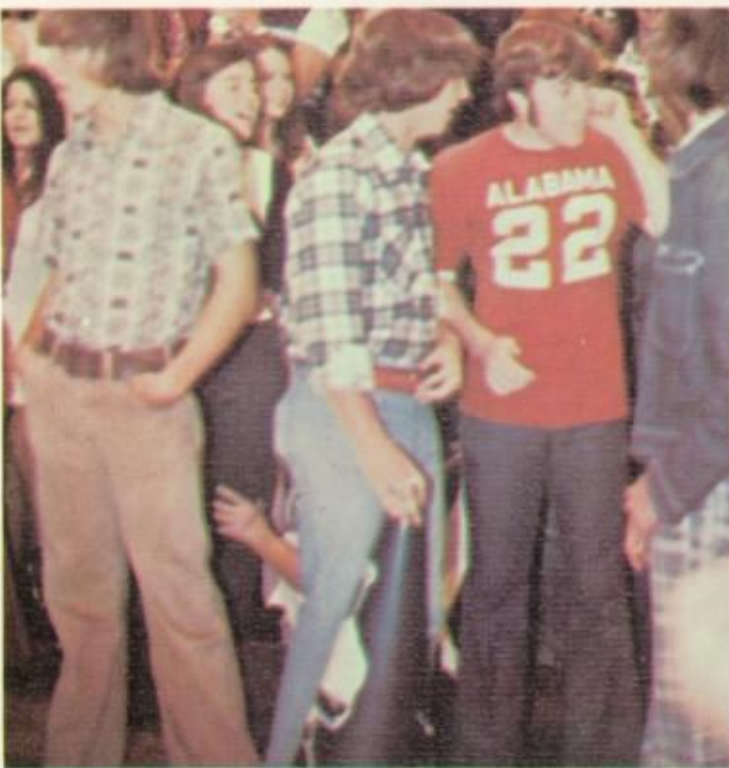

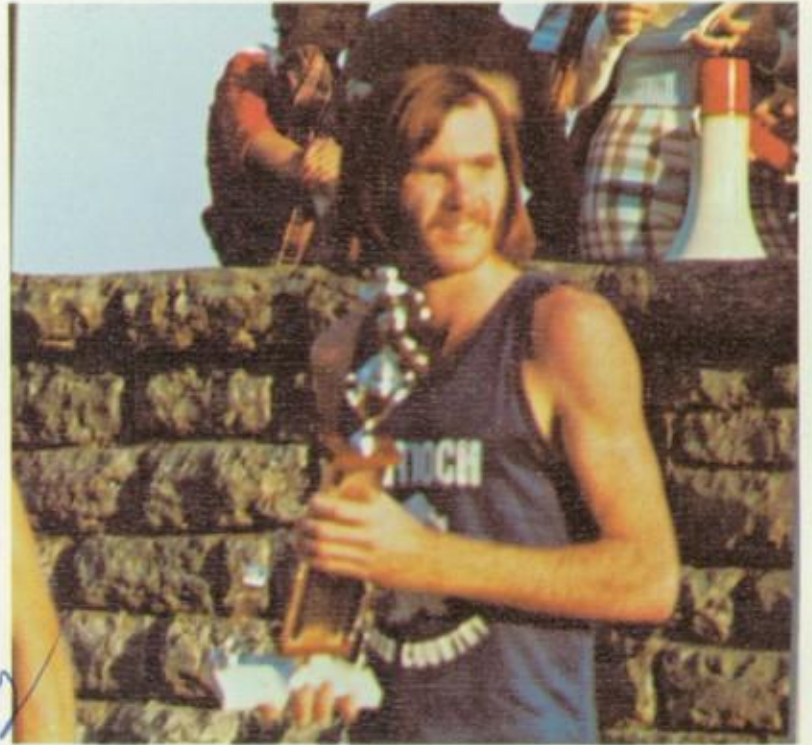

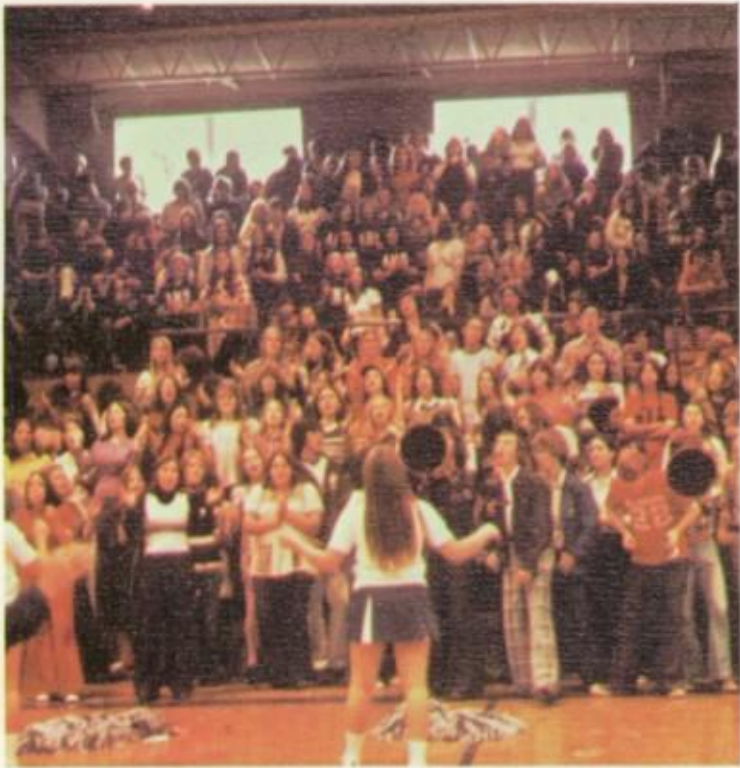

Love

Ya,

Danny

A Junior's year holds much to do,
Getting class rings, planning homecoming
and the prom too.
Before you realize it the year is through,
And you only have one more year at 'Ole Big Blue'.

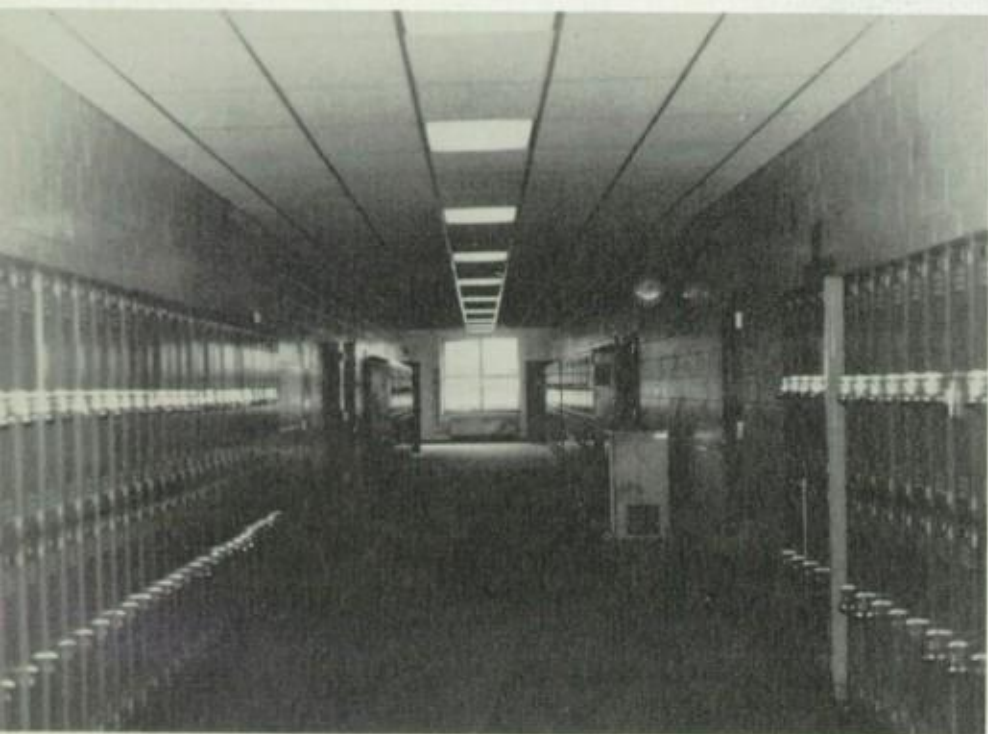

A Senior's year is fun but just not the same,
Because you realize it is your last pep rally
and game.

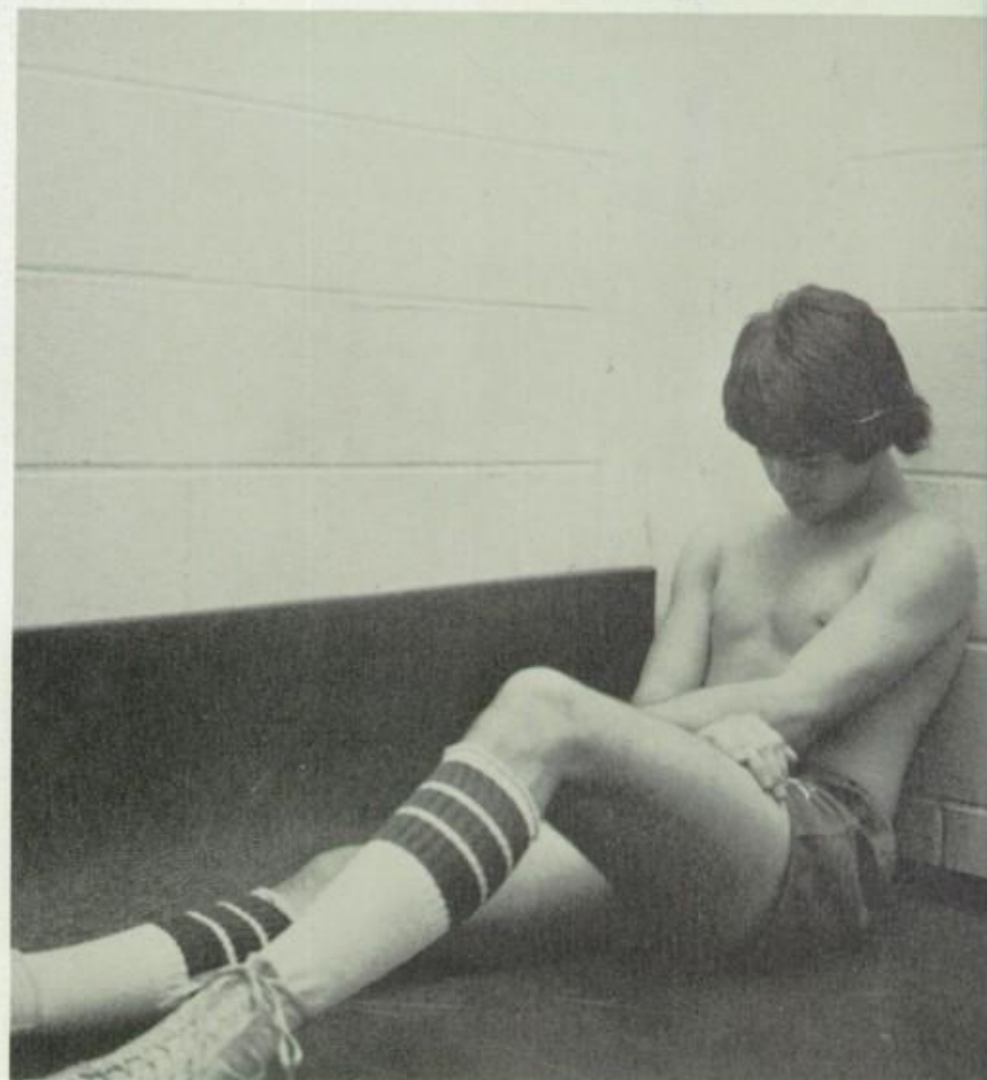

You never realized how much it meant,
Until you look back and wonder where the
years went.

Karen,
Don't forget all the fun and problems
we had w/ Home Ec and in American
Studies. Have fun this summer
and be good. Lots of luck always.

Love,
Thopi Eden

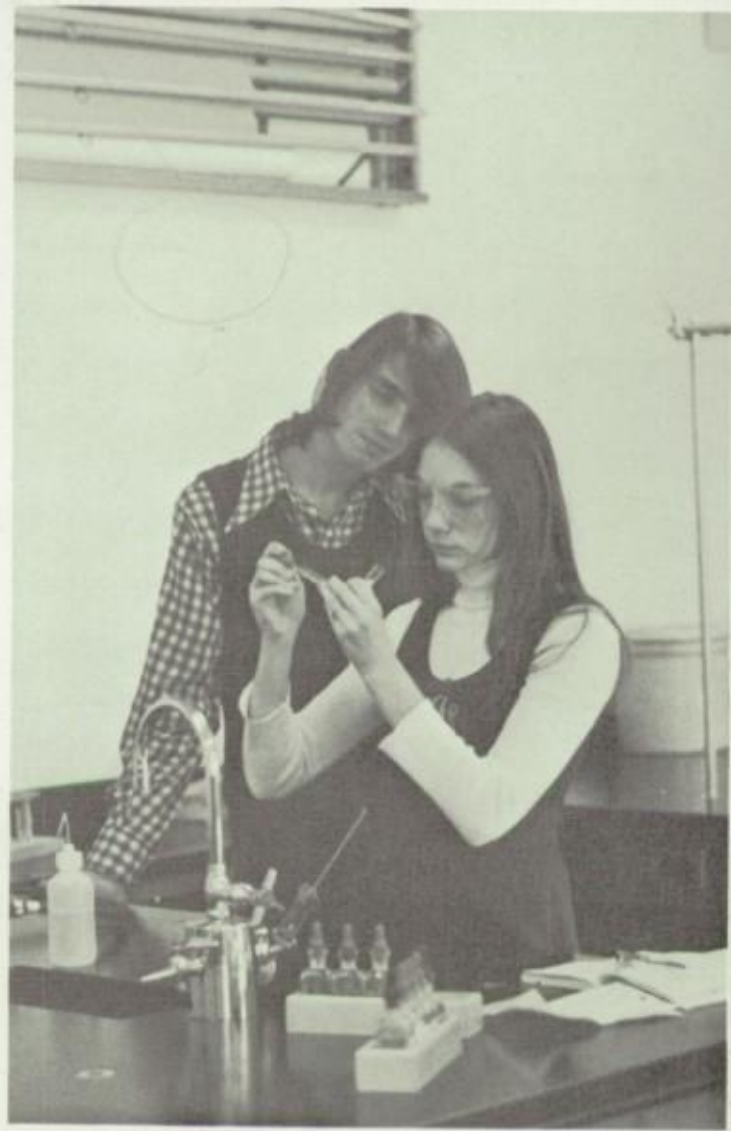

Eventually a time will come to us all
 When none of us will ever again walk these halls,
 But no matter how many years we remain apart,
 There will always be a place for Antioch in our hearts.

We will leave our school and go our separate ways,
To learn, grow and experience with each passing day.
But scrapbooks, old photographs or even idle talk
May someday bring back the memory of Our Antioch.

Karen,

I imagine Jan has told you everything that has happen this year. I believe you made this the funniest year it has ever been. I really like it. Esp. when you and Tony make love moves at each other. You and Tony are really a pair. Remember all the guys. It was really fun. I sorry I'm not writing much but I think Jan and Tony told you all. I really had fun. Best wishes throughout life. Be good or have fun.

Love ya,

Within this book of memories are special thoughts of you,
And all the many nice things we so often say and do.
And as I turn these pages I recall each single thought,
And realize the happiness that knowing you has brought.
There are memories of the time we've shared
Both bright and gloomy days,
There are memories of our laughter, the gay and cheery smiles
That seems to bring a gladness and make our lives worthwhile.
There are memories of things we planned,
Each friendly little chat
When we would get together and talk of this and that.
And when I recall these memories as I go along life's way
I find they grow more precious still, with every passing day.

Adapted from
Patricia White

IN MEMORY

The class of 1974 has been through many things. Being together we've shared laughter, secrets, friendships and tears. This past year we shared the loss of a good friend. Life was short but sweet for Jim King. To Mr. and Mrs. King we give our sympathy. To God we give thanks for our lasting memories of Jim King.

ARTICLES

The Publications Staff of 1973-74 was

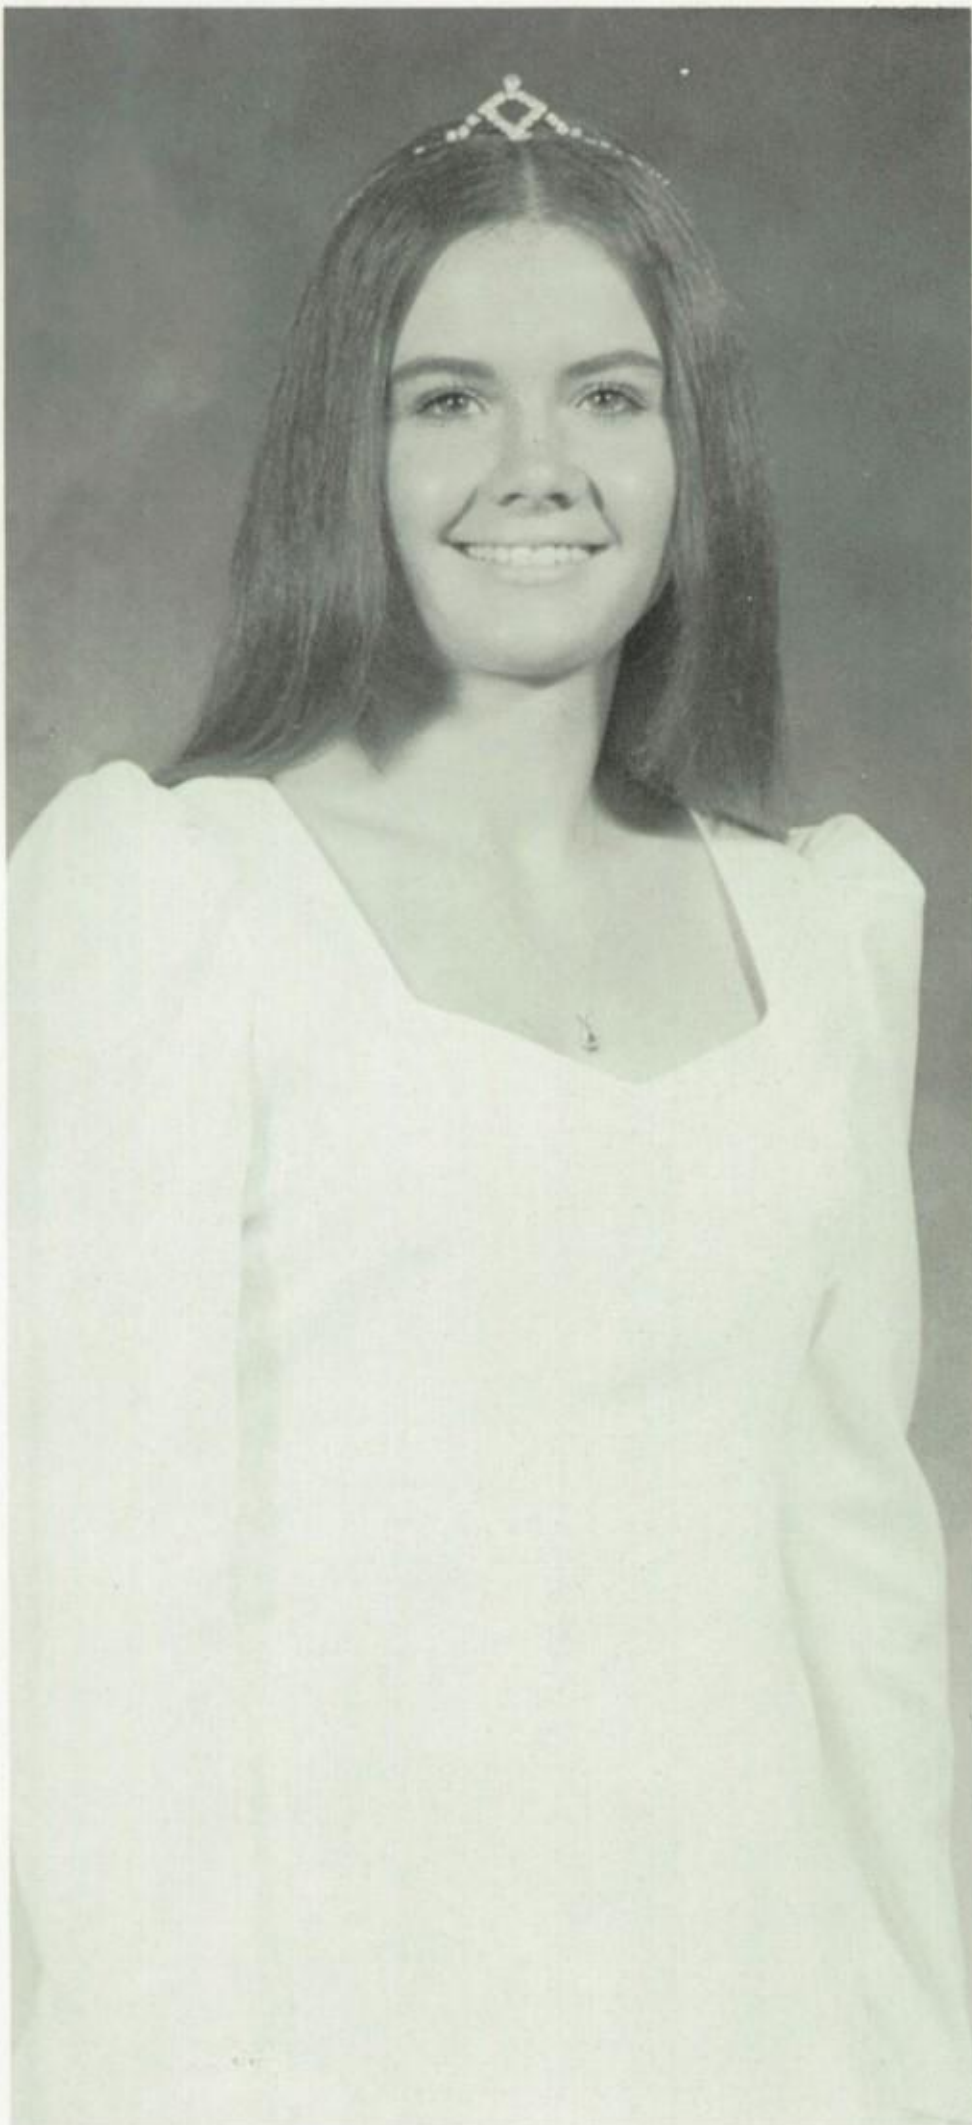

A cookout; a Halloween party; writing articles; the first deadline, missing the first deadline; keeping a local store in business; having Mrs. Keas ask, "Do I smell french fries?", when all the time there were some in the filing cabinet; a Christmas party; not yelling, but writing a sign instead; having two hundred pictures of a flood just because our photographer wanted to go swimming; losing one . . . gaining two, the mystery of the page position stamp; having two tables . . . but no where to work; another deadline; not worrying about missing the last deadline; being cramped into one small cubicle; an early graduation party; "this is the last warning if you want your picture in the annual, you're going to have to pay the \$1.05"; taking up payments; going to the printers; another deadline; going into hysterics when Mr. Mac entered the building; losing our head (our Bear head); no more deadlines just getting something in; rechecking pictures, copy, and pages; our publisher quitting; Susan B. and her XYZ file; not thinking about putting even on odd layouts; rolls and rolls of pictures; one pica this, two picas that; having our film ripped out in its premature state; the birthday parties. Yes, the staff has had fun, but more important than the fun, was the responsibilities, dedication and most of all the making of Publications 1973-74.

Karen,
Hey what's Happening blood! We
had too much fun this year,
Remember at the first of the when
we use to shoot those toothpicks
through the straws. and remember
all of our paper wad fights. Also remember all of our
great times while we were in the group with Jill
and Darrell. I remember all the times that Jill
used to flirt with Darrell and he would get all "hot."
Even when we changed groups we had too much
fun. Like the time that we throw the sticks from
our "suckers" at each other. We had alot of
fun messing with each other all year long.
Maybe you'll get lucky and we'll be in the
same class next year. Have a nice summer.
Come see me some time and maybe we'll
mess around. Ha! Ha!

Karen,

It's hard to say how proud I am of this yearbook. Without being on the staff or taking part, you could never understand how many hours of strain, pressure, hard work and responsibility comes with putting a book together. We on the staff have worked together hoping to make this annual the best Antioch has ever had. Believe me, it hasn't been easy. We've been through many catastrophes. I could list them as long as this page. But we've struggled and fought and taken them in stride. We dream of the day that a truckload of blue and white books come down Blue Hole Rd. and being able to say, "We've done it!" David and I have pushed and often begged, "I need a picture, I need your deadline!" I want to thank the staff for putting up with me while they had to work. I often felt I was in the doghouse.

To the staff I say thanks more than you'll ever know, and to the student body — hope you're as proud as I am.

Cathy

Staff,

I would like to thank everyone on the staff for doing such a great job. Bill and Chuck, you did a great job with the photography. Laurie, Susan, Billy, Jean, Rufus, Claudia and Kathy Bennett, you did a super job on your respective sections, even with the pressure of deadlines. To everyone else on the staff, thanks for all the help. Cathy Carter, as Co-Editor you kept the staff together and kept us going when the going got tough. Thanks!

David

There is so much about you that I will
have to continue it. So you remember
all those practical jokes you played on
me, the painting of the teeth must
be the best of all, and remember
when Tony gave me the name of biscuit
head, oh how I enjoyed that! And
there is nothing that can beat that
play we did today. My pride,
humility and embarrassment all went
down the drain today, oh how I do
wonder why. I remember when you
first came into American Studies
and you wanted to leave. You were
dumb then, man what would we of
done without you. I can only begin
to imagine. Well its hard to
close with something worthwhile
but please come back next year,
I need a lot of help with things
and you can give it to me. So.
thanks a lot for being my friend.
I've really had fun!

Love ya
Jan!

still won't be the same.
So you keep cool, and
I'll always be your friend.
